SECTION II

Why we need your data (Art. 13, paragraph 1 GDPR)

The data is used by the Data Controller to fulfill the request for the registration and maintenance of domain names in the “.cloud” ccTLD through accredited Registrars, to manage and execute the contact requests forwarded by you, offer assistance, fulfill legal and regulatory obligations demanded of the Data Controller in accordance with the activities performed. In no case will Aruba PEC resell any of your personal information to third parties nor use it for any purpose not stated.

In particular, your data will be processed for:

a) registration and contact information, and/or informational materials

Your personal data is processed to implement preliminary actions and those following a registration request, to manage information and contact requests, and/or to send informational materials, as well as to satisfy any and all other obligations arising herewith.

The legal basis for this processing is to provide the services relating to a request for registration, information and contact, and/or the sending of informational materials, and to comply with legal requirements.
b) administering the relationship deriving from the registration of the domain name

Your personal data is processed to implement preliminary actions and those following the relationship related to the registration and maintenance of a domain name in the “.cloud” TLD and related services, handling of any returns and/or notifications to the support service and performance of the support itself, fraud prevention, as well as fulfillment of any and all other requirements arising from the contract.

The legal basis for this processing is to provide the services related to the established relationship and to comply with legal requirements.

c) promotional activities on Services that are similar to those you have purchased (Clause 47 GDPR)

The Data Controller, even without your explicit consent, may use the contact information you provided for direct sales of its own Services, limited to those Services that are similar to the ones included in the sale, unless you specifically refuse.

This processing may occur by the following automated methods:
- email;
- sms;
- telephone contact
and may occur:
1. if you have not withdrawn your consent for the use of your data;
2. if processing is done through contact with a telephone operator, and you are not registered on the non-call registry as outlined in Presidential Decree No. 178/2010;

The legal basis for this processing is the consent you initially granted for the processing itself, which you may freely withdraw at any time (see Section III).

e) digital security

The Data Controller, in line with the provisions of Clause 49 of the GDPR and through its providers (third parties and/or recipients), processes your personal data involving traffic only to the extent strictly necessary and proportional to guarantee security of the networks and the information. This means the capacity of a network or information system to block, at a given level of security, any unforeseen events or illegal or malicious acts that would compromise the availability, authenticity, integrity and confidentiality of the personal data stored or transmitted.

The Data Controller will immediately notify you if there is any risk of violation of your data, except for any obligations noted in the provisions of Art. 33 GDPR associated with notifications of personal data violations.

The legal basis for this processing is to comply with legal requirements and the legitimate interests of the Data Controller in undertaking processing for the purpose of protecting corporate assets and the security of the Aruba Group’s offices and systems.

f) profiling

Your personal data may also be processed for profiling purposes (such as analyzing the transmitted data and the pre-selected Services/Products, suggesting advertising messages and/or business offers in line with user selections) exclusively when you have given explicit and informed consent. The legal basis for this processing is
the consent you initially granted for the processing itself, which you may freely withdraw at any time (see Section III).

g) fraud prevention (Clause 47 and Art. 22 GDPR)
- Your personal data, except for private data (Art. 9 GDPR) or legal information (Art. 10 GDPR) will be processed to allow controls for monitoring purposes and prevention of fraudulent payments. This processing will be done by software systems that run automated checks and will be carried out prior to negotiating Services;
- a negative result on these checks will render the transaction impossible; you can, in any case, express your opinion, obtain an explanation or dispute the decision by outlining your reasons to the Customer Support Department or to the contact privacy@staff.aruba.it;
- personal data collected only for anti-fraud purposes, which differs from the data needed for the proper performance of the service requested, shall be immediately deleted upon termination of the verification phase.

h) protection of minors
The Services/Products offered by the Controller are reserved for those entities legally able, based on national regulations, to satisfy contractual obligations.

The Controller, to prevent illegal access to its own services, implements preventive measures to protect its own interests, such as checking tax identification numbers or, when necessary for specific Services/Products, the accuracy of the identification data on the identification documents issued by the applicable authorities.

**Communication to third parties and categories of recipients (Article 13, paragraph 1 GDPR)**

Your personal data is communicated mainly to third parties and/or recipients whose activity is necessary to perform the activities relating to the contract established, and to meet certain legal requirements, such as:

<table>
<thead>
<tr>
<th>Categories of recipients</th>
<th>Purposes</th>
</tr>
</thead>
<tbody>
<tr>
<td>Companies belonging to the Aruba S.p.A. Group (&quot;Aruba Group&quot;)</td>
<td>Fulfillment of administrative and accounting requirements as well as those connected with the contractual services.</td>
</tr>
<tr>
<td>Third party providers and companies belonging to the Aruba S.p.A. Group*</td>
<td>Performance of services (assistance, maintenance, delivery/shipping of products, performance of additional services, providers of networks and electronic communication services) associated with the requested service</td>
</tr>
<tr>
<td>External professionals/consultants and consulting firms</td>
<td>Fulfillment of legal requirements, exercising rights, protecting contractual rights, credit recovery</td>
</tr>
<tr>
<td>Financial Administration, Public Agencies, Legal Authorities, Supervisory and Oversight Authorities</td>
<td>Fulfillment of legal requirements, protection of rights; lists and registries held by Public Authorities or similar agencies based on specific regulations relating to the contractual service</td>
</tr>
</tbody>
</table>
**The Controller requires its own third party providers and Data Processors to adhere to security measures that are equal to those adopted for you by restricting the Data Processor’s scope of action to processing directly related to the requested service.**

The Controller will not transfer your personal data to countries where the GDPR is not applicable (countries outside the EU) except where specifically indicated as referred to in Section III, in which case you will be notified first, and if necessary asked for your consent.

The legal basis for this processing is fulfillment of the services outlined in the established contract, compliance with legal obligations, and the legitimate interests of Aruba PEC S.p.a. to perform the processing necessary for these purposes.

**SECTION III**

**What happens when you do not provide your identification information as needed to perform the requested service? (Article 13, paragraph 2 (e) GDPR)**

The collection and processing of your personal data is necessary to fulfill the service requests as well as to perform the Service and/or supply the requested Product. Should you fail to provide your personal data as expressly required within the order form or the registration form, the Data Controller will not be able to carry out the processing associated with managing the requested services and/or the contract and the Services/Products associated with them, nor fulfill the operations dependent on them.

**What happens when you do not provide the consent for processing personal data for the business promotion activities on Services/Products that are different from those purchased?**

When you do not give your consent to the processing of your personal data for these purposes, the processing will not be implemented for these specific purposes, but it will not affect the performance of the requested services or those for which you have already given your consent, if requested.

In the event you have given consent and later withdraw it or oppose the processing for business promotional activities, your data will no longer be processed for these activities, although this will not create negative effects or consequences for you or the services requested.

**How we process your data (Article 32, GDPR)**

The Controller makes use of appropriate security measures to preserve the confidentiality, integrity and availability of your personal data, and requires the same security measures from third party providers and the Processors.

**Where we process your data**

Your data is stored in hard copy, electronic and remote archives located in countries where the GDPR is applicable (EU countries).

Within the sphere of the contractual relationship which allows the Registrant to register a domain name in the “.cloud” ccTLD, all personal data, for those purposes strictly relating to the service, shall be disclosed to third parties (Registration Authorities and associated accredited entities) with locations in countries where the GDPR is not applicable (countries outside the EU) and in any case where there is a provision of suitable level of data protection by the European Commission.

Furthermore, you are hereby notified that the registration of a domain name includes inputting your own personal data within a publicly accessible registry ("Whois") stored at the applicable Registration Authority for the selected
extension, except when you have requested that your personal data be hidden according to the methods outlined by the applicable Registration Authority, or per the contractual conditions associated with the Service.

How long is your data stored? (Article 13, paragraph 2 (a) GDPR)
Unless you explicitly express your own desire to remove it, your personal data will be stored until required for the due purposes for which it was collected.

In particular, the data will be stored for the entire duration of the contract and in any case, if they are communicated for contact purposes and/or forms and/or information sent by the Owner which is not followed up by a relationship related to the registration and maintenance of domain names in the “.cloud” ccTLD, no longer than a maximum of 12 (twelve) months of communication, that is, within this time period, there have been no Services purchased using this registration.

For data provided to the Controller for the purposes of business promotion for services other than those you have already purchased, for which you initially gave consent, it will be stored for 24 months, except when such consent is withdrawn.

For data provided to the Controller for the purposes of profiling, it will be stored for 12 months, again except when consent has been withdrawn.

It is also important to add that, should the user forward to Aruba PEC personal data that has not been requested or that is unnecessary for the purposes of performing the services requested, or for the performance of services strictly connected thereto, Aruba PEC cannot be considered controller of this data and will proceed to delete it as soon as possible.

Regardless of your determination to remove the data, your personal information will be, in any case, stored according to the terms outlined in current law and/or regulations, for the exclusive purpose of guaranteeing specific requirements.

Furthermore, personal data will in any case be stored to comply with obligations (e.g. tax and accounting purposes) which may continue even after termination of the contract (Art. 2220 Civil Code); for these purposes, the Controller shall retain only the data necessary to complete these activities.

For those cases where the rights arising from the contract and/or registration are used in the courts, your personal data, exclusively required for these purposes, shall be processed for the time necessary to complete them.

What are your rights? (Articles 15 - 20 GDPR)
You have the right to obtain the following from the Data Controller:

a) confirmation on whether your personal data is being processed and if so, to obtain access to your personal data and the following information:

1. the purposes of the processing;
2. the categories of personal data in question;
3. the recipients or categories of recipients that have received or will receive your personal data, in particular if these recipients are in third party countries or are international organizations;
4. when possible, the anticipated storage period of your personal data or, if not possible, the criteria used to determine this period;
5. whether you have the right to ask the Data Controller to correct or delete your personal data or the limits on processing your personal data or to oppose the processing of the data;
6. the right to lodge a complaint with a supervisory authority;
7. in the event the data is not collected from you, all of the information available regarding its origin;
8. whether there is an automated decision process, including profiling, and, at least in these cases, significant information on the logic used, as well as the importance and consequences to you for this processing.

9. the suitable guarantees provided by the third party country (outside EU) or international organization to protect any transferred data

b) the right to obtain a copy of the personal data processed, again given that this right does not affect the rights and freedoms of others; for extra copies requested by you, the Data Controller may assign a reasonable fee based on administrative costs.

c) the right to edit any of your incorrect personal data from the Data Controller without unjustified delay

d) the right to have your personal data deleted by the Data Controller without unjustified delay, if there are the reasons outlined in the GDPR, Article 17, including, for example, if the data is no longer needed for processing or if the data is considered illegal, and again, if there are no conditions outlined by law; and in any case, if the processing is not justified by another equally legitimate reason;

e) the right to obtain limits on the processing from the Data Controller, in those cases outlined in Art. 18 of the GDPR, for example where you have disputed the correctness, for the period necessary for the Data Controller to verify the data’s accuracy. You must be notified, within an appropriate time, even when the suspension period has passed or the cause of limiting the processing has been eliminated, and therefore the limitation itself has been withdrawn;

f) the right to obtain information from the Data Controller on the recipients who have received the requests for any corrections or deletions or limits on the processing implemented, except when this is impossible or would create a disproportionate effort.

g) the right to receive your personal data in a structured format, commonly used and readable by automatic devices as well as the right to forward this data to another Data Controller without obstruction from the original Data Controller, in those cases outlined by Art. 20 of the GDPR, and the right to obtain direct forwarding of your personal data from one Data Controller to another, if technically feasible.

For further information and to send your request, contact the Data Controller at privacy@staff.aruba.it. To guarantee that the rights noted above are exercised by you and not by unauthorized third parties, the Data Controller may require you to provide other information necessary for this purpose.

How and when can you oppose the processing of your personal data? (Art. 21 GDPR)

Per motivi relativi alla situazione particolare dell’Interessato, lo stesso può opporsi in ogni momento al trattamento dei propri dati personali se esso è fondato sul legittimo interesse o se avviene per attività di promozione commerciale, inviando la richiesta al Titolare all’indirizzo privacy@staff.aruba.it.

L’Interessato ha diritto alla cancellazione dei propri dati personali se non esiste un motivo legittimo prevalente del Titolare rispetto a quello che ha dato origine alla richiesta, e comunque nel caso in cui l’Interessato si sia opposto al trattamento per attività di promozione commerciale.

Who can you lodge a complaint with? (Art. 15 GDPR)

Fatta salva ogni altra azione in sede amministrativa o giudiziale, l’Interessato può presentare un reclamo all’autorità di controllo competente sul territorio italiano (Autorità Garante per la protezione dei dati personali) ovvero a quella che svolge i suoi compiti ed esercita i suoi poteri nello Stato membro dove è avvenuta la violazione del GDPR.

Ogni aggiornamento della presente Informativa sarà comunicato tempestivamente e mediante mezzi congrui e altresì sarà comunicato se il Titolare effetti un trattamento dei dati dell’Interessato per finalità ulteriori rispetto a quelle di cui alla presente Informativa prima di procedervi ed a seguito della manifestazione del relativo consenso dell’Interessato qualora necessario.
